## WELCOMING PACKET

Dear New Member,

Welcome to Milford Township Fish, Game and Forestry Association. Before you, and your family, can use any club facilities, at least one member of your family, aged 18 or older, must first attend a club orientation program. Orientations are scheduled to be held once a month, at a date and time mutually inclusive to new members and the orientation officer. These orientations last about an hour and are held at the clubhouse. This is done to educate you with useful information about the rules and regulations of the club.

Please remember to use the sign-in sheets whenever using the club grounds. The sign-in sheets are conveniently provided in boxes at three locations: at the 50 yard range; at the 100 yard range; and by the stream off of Doerr Road. These sign-in sheets ask to identify what you were doing on the property (archery, hunting, hiking, etc.), what caliber firearm you were shooting (if shooting firearms), and any game harvested on the property.

Renewal of all memberships occurs between the months of November to January. All members, including Life, General, Senior, and free will have to complete the membership application, purchase or sell a minimum of 3 Gun Raffle Tickets, and pay any membership fees prior to January 31 of the next year to continue membership. Members who do not complete the process prior to January 31<sup>st</sup>, will be removed from membership, and have to complete the new member process to return to membership.

The mission of the association is to unite and bind together interested sportsmen and sportswomen; to meet, exchange views, educate and endeavor by concerted efforts to further true sportsmanship; to assist the Game, Fish and Water Agencies of Pennsylvania; to bring about more friendly relations between land owners, tenants, and sportsmen; to foster the improvements and purification of our streams; and to assist in forestation.

The club welcomes new ideas. Come to a general membership meeting, held the second Tuesday of every month at 7:00 pm, and share yours. There are multiple club committees that are in need of your help. Please reference the list located at the bottom of the membership application. What do you like? What are your skills? There is a niche for everyone. This is your club. Take part. You can make a difference. If there is something you do not like, this is your opportunity to be part of the solution. If there is something you feel should be occurring at our club, this is your opportunity to help begin something new. Contact any club officer or board member for more information. View the club website and like us on Facebook. Come out and join the fun and meet some great fellow sportsmen and sportswomen in the process.

Sincerely,

The Officers, Board of Directors, and Committee Chairs of the Milford Township Fish, Game, and Forestry Association

## **ORIENTATION**

The purpose of orientation is to indoctrinate both old and new members with the Club's property, location of its ranges, safety requirements, and rules and regulations thereon.

*This policy will be put into place by the Board of Directors and its Officers for all new members and renewals thereafter as follows.*

- All those members, who are 8 years of age or older, will have their orientation card signed and dated by the orientation officer, or designated member of the board, so that all members will be able to identify those persons that attended the orientation program.
- Any member who has let their membership lapse, will be treated as a new member and must repeat the voting process and orientation.
- **ORIENTATION CLASSES WILL BE HELD ONCE A MONTH**
- We, your Board and Officers, are concerned about the longevity of this Club and want it to be here for many generations to come. However, this will only happen if we work together to make sure all of us are safe.

**MILFORD TOWNSHIP FISH, GAME, AND FORESTRY ASSOCIATION**
